Safe Space Online Workshop Module 2.2 Usability Test

Instructions: Please give a brief narrative response for each item below.

1. Navigate through the full lesson and complete the quiz/post-test

     a) Were you able to complete the task?

     b) Did you have any problems completing the task?

     c) What are your suggestions for improvement?

2. Is the navigation clearly labeled and easy to use?

3. Is the information presented in a logical, understandable way?

    • If not, how could the organization be improved?

4. Are the images helpful?

5. Should there be more images or fewer?

6. Do the images need further explanation?

7. Is there sufficient information in the training to answer the quiz questions?

8. Are there enough quiz questions?

9.Did the self-guided pace seem appropriate or should the narrated slides advance automatically?

10.Does the choice of font and size seem appropriate?

11.Are the color choices appropriate or are they distracting?

12.Navigate through the full lesson and complete the quiz/post-test

      a) Were you able to complete the task?

      b) Did you have any problems completing the task?

      c) What are your suggestions for improvement?

13.By reading the transcripts of the voiceovers at the bottom of each slide, how is the word choice?

14.What did you like best?

15.What did you like least?

16.What other suggestions or comments do you have?
